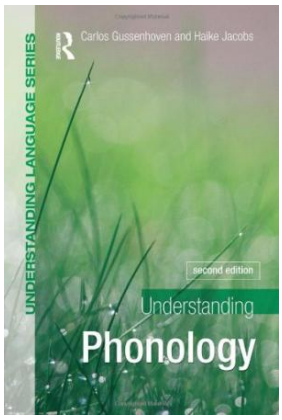
UNDERSTANDING PHONOLOGY, SECOND EDITION



Hodder Education/Viva Books, 2011. Softcover. Book Condition: New. 2nd edition. There are around 6000 languages in the world today. No two of them have the same sound structure, and yet they show striking similarities in their sound systems. Phonology tries to understand the structure behind these systems, and to answer many of the questions posed by language. Why is there so much variation? How can we describe the pronunciation of a language? What do people do when they play language...
