Reviews

This publication is fantastic. We have read through and i am certain that i will planning to read yet again yet again down the road. You wont feel monotony at at any time of your respective time (that's what catalogs are for concerning when you request me).

START UP SCIENCE LAB MANUAL-7

DOWNLOAD

Viva Books Private Limited, 2014. Softcover. Book Condition: New. Description: Start Up Science Lab Manuals for classes 6 to 8 aim at providing a hands-on learning experience to students to explore fundamentals of science. The books are designed to sharpen scientific skills like experimentation, observation, interpretation, conclusion, etc. The content is carefully structured keeping in mind the philosophy, vision and mission of NCF 2005. Key features ? Based on the latest NCERT syllabus ? Precautions to be taken in a laboratory included in the section Laboratory Ethics ? Systematic presentation of experiments ? Neat and labelled diagrams to aid procedure, wherever necessary ? Viva Voce and Multiple Choice Questions at the end of each experiment for self evaluation ? A variety of projects and activities given in a separate section ? Practical Sheets incorporated in each book to make it a complete Lab Manual Contents: To study that light is necessary for photosynthesis ? To study the burning characteristics of various fibres ? To study that water transfers heat via convection (a) To measure human body temperature by using a clinical thermometer (b) To measure the temperature of different solutions by using a laboratory thermometer ? To study the effect of saliva on food ? To find out good and bad conductors of heat from the given solid material strips ? To find out the effect of atmospheric pressure ? To show that air expands on heating ? To study the time period of a simple pendulum ? To calculate the moisture content of soil samples ? To find out the percolation rate of water in different types of soil ? To test the chemical nature of different substances using turmeric as an indicator ? To find out the chemical nature of some solutions using litmus paper ? To prepare...
